ARE YOU  
READY?

**eligibilitycenter.org**

If you want to play sports at an NCAA Division I or II school, start by registering with the NCAA Eligibility Center at [eligibilitycenter.org](http://eligibilitycenter.org) during your sophomore year. We support you and your high school by providing resources to help you meet the initial-eligibility standards to participate in college sports.

**Core Courses**

NCAA schools require college-bound student-athletes to build a foundation of high school courses to prepare them for the college classroom. Not all high school classes count as NCAA core courses. Only classes in English, math (Algebra 1 or higher), natural or physical science, social science, foreign language, comparative religion or philosophy may be approved as NCAA core courses. Visit [eligibilitycenter.org](http://eligibilitycenter.org) for a full list of your high school's core courses.

**This simple formula will help you meet the 16 core-course requirement:**

**4X4 = 16**

- 4 English courses (one per year)
- + 4 math courses (one per year)
- + 4 science courses (one per year)
- + 4 social science (and/or additional) courses (one per year)

**16 NCAA CORE COURSES**

**Grade-Point Average**

The NCAA Eligibility Center calculates your grade-point average (GPA) based on the grades you earn in NCAA-approved core courses.

**Test Scores**

You may take the ACT or SAT as many times as you want before you enroll full time in college, but remember to list the NCAA Eligibility Center (code 9999) as a score recipient whenever you take a test. If you direct the ACT or SAT to send us your scores every time you take a test, we will choose the best scores from each test subject to create your sum score. We can only accept official test scores from ACT or SAT and we can't use the scores from your high school transcript.
