The Student and Parent(s), in consideration of being provided with an iPad and software for use while a student is at Ss. Neumann Goretti High School, hereby agree as follows:

#### **1. Equipment**

**1.1 Ownership:** NG retains sole right of possession of the iPad and grants permission to the Student to use the iPad according to the guidelines set forth in this document. Moreover, NG administrative staff retains the right to collect and/or inspect the iPad at any time, including via electronic remote access; and to alter, add or delete installed software or hardware.

**1.3 Substitution of Equipment:** In the event the iPad is inoperable, NG has a limited number of spare iPads for use while the iPad is repaired or replaced. However, it cannot guarantee a loaner will be available at all times. This agreement remains in effect for such a substitute. The Student may NOT opt to keep a broken iPad, or to avoid using the iPad due to loss or damage. Students should back up all documents, music and other information stored on the device. ## Addendum

### **STANDARDS FOR PROPER iPad CARE**

This document is an important addendum to the Student iPad Program Acknowledgement Form. Read it carefully prior to signing. You are expected to follow all the specific guidelines listed in this document and take any additional common sense precautions to protect your assigned iPad. Loss or damage resulting in failure to abide by the details below may result in full-financial responsibility.

Read the electronic manual that comes with the iPad. Following Apple, Inc.'s advice and the standards below will lead to an iPad that will run smoothly and serve as a reliable, useful and enjoyable tool.

#### ***Your Responsibilities:***

- Treat this equipment with as much care as if it were your own property. Unsupervised iPads will be confiscated. Bring the iPad and charging unit to NG every school day. (If you forget them, substitutes will NOT be provided.) Students without iPads will need to complete assignments via alternate means and maybe subject to disciplinary action.
- iPads are able to be used in the school for academic reasons. If, however, the teacher requests that iPads be temporarily put away students are to comply. The use of the iPad must support the instructional activities currently occurring in each classroom and lab. iPad sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- The student should never use another student's iPad.
- At school, connect only to the school network. Do not connect to auxiliary networks such as personal or private cell networks.
- Keep the iPad either secured (i.e., home or other secure place where others do not have access) or attended (with you or within your sight) at all times. Keep the iPad stored in a secure place (i.e., locked in the locker room or other suitable place) when you cannot directly monitor it. For example, during athletic events, games, practices and trips, store the iPad in a secure place assigned by your coach/moderator and arrange to return to school to retrieve it after the activity. iPads left in bags and backpacks, or in unattended classrooms are considered "unattended" and may be confiscated by school personnel as a protection against theft. Unattended and unlocked equipment, if stolen – even at school – will be your full financial responsibility.
- The location services for the "Find my iPad" app is required to be enabled.
- Always secure the iPad with the standard issue Otterbox Case.
- Avoid use in situations that are conducive to loss or damage. For example, never leave iPads in school busses/vans, in the gym, unsecured in locker room, on playing fields or in other areas where it could be damaged or stolen. Avoid storing the iPad in a car other than in a locked trunk. Avoid leaving the iPad in environments with excessively hot or cold temperatures.
- Adhere to NG School's Acceptable Use Policy at all times and in all locations. When in doubt about acceptable use, ask an administrator, technology coordinator or teacher.
- Backup your data. Never consider any electronic information safe when stored on only one device. Since all students will have accounts in Google Docs as well as network storage, they are encouraged to utilize these areas to store important files.
- Read and follow general maintenance alerts from school technology personnel.
- If the student withdraws from NG, all equipment must be turned in to the Technology Office prior to departure or will be charged the full amount to replace the iPad with a new iPad.

#### **How to Handle Problems**

- Promptly report any problems to the Technology Office
- Complete a claim notification form.
- Report to the Technology Office to pick up any repaired iPad within 3 days of notice.
- Don't force anything (e.g., connections, buttons). Seek help instead.
- When in doubt, ask for help.

**General Care**

- Do not attempt to remove or change the physical structure of the iPad screen cover or plastic casing. Doing so will void the warranty, and families will be responsible for 100 percent of the repair or replacement cost.
- Do not remove or interfere with the serial number or any identification placed on the iPad.
- Do not do anything to the iPad that will permanently alter it in any way.
- Keep the equipment clean. For example, don't eat or drink while using the iPad.

**Carrying the iPad**

- Always secure the iPad with an Otterbox case to avoid damages.
- Always place the iPad in a backpack prior to moving from one class to the next.

**Screen Care**

- The iPad screen can be easily damaged if proper care is not taken. Broken screens are NOT covered by warranty and can cost over \$200 to replace.
- Clean the screen with a soft, dry anti-static cloth or with a screen cleaner designed specifically for LCD type screens.

**Battery Life and Charging**

- Arrive to school each day with a fully charged battery. Establish a routine at home whereby each evening you leave your iPad charging overnight. A full charge should last approximately 8 hours. Failure to come to school with a charged device may incur disciplinary action.
- Avoid using the charger in any situation where you or another is likely to trip over the cord.
- Don't let the battery completely drain. Immediately shut down if you are unable to connect to the charger.
- For best battery life, do not recharge until the battery reaches a low level.
